

POD Recovery Audit

Find unrecovered revenue hiding in short-paid, disputed, and missing-POD loads.

We review your last 30 days of disputed invoices, missing PODs, accessorial backup gaps, and billing exceptions — then show what is recoverable, what is slowing cash flow, and what can be streamlined.

Fixed-Fee Audit

\$2,500 fixed fee

100% credited toward implementation if you continue within 30 days.

✓ What this helps solve

- ✓ Missing PODs delaying billing
- ✓ Short-paid invoices and unresolved disputes
- ✓ Accessorial backup and documentation gaps
- ✓ Detention / layover paperwork bottlenecks
- ✓ Manual dispute packet creation and follow-up

📁 What you receive

- ✓ Recovery opportunity report
- ✓ Issue breakdown by type and priority
- ✓ Sample dispute packets for review
- ✓ Workflow bottleneck map
- ✓ Annualized recovery estimate + implementation recommendation

⚙️ How it works

👥 Who it's for

Mid-market freight brokers and 3PLs with recurring POD delays, short-pays, accessorial disputes, or back-office recovery work that is still heavily manual.

Important

Human-reviewed. We draft and analyze recovery workflows and dispute materials; we do not auto-submit disputes without approval.
